

## **Graduate Student Exit Survey -- Masters**

Dear Graduate Student,

Congratulations on your upcoming graduation! The UW Graduate School would appreciate a candid evaluation of your graduate experience at UW by completing this survey. It should take less than 10 minutes to complete

Our main purpose is to learn from you how we can improve the graduate student experience and quality of education for our students. Your honest and thoughtful responses are essential in providing constructive feedback to academic programs that will improve the quality of education for graduate students in the future – it is your chance to tell us what we have done well and where we need to change.

Your responses are voluntary and you may skip any question. Responses will be shared with your graduate program in aggregate form, without any personal identifiers. For more information about how we plan to protect your identity and use the data from your survey responses, you may review the Student Privacy and Data Use Statement.

Most sincerely,

David L. Eaton

Dean and Vice Provost of the Graduate School, University of Washington
